PROFESSIONAL SUMMARY

Recent Artificial Intelligence and Machine Learning graduate with a strong foundation in Python, SQL, HTML, CSS, JavaScript, and Machine Learning. Passionate about using technology to solve real-world problems and build practical solutions. Seeking an entry-level opportunity in Software Development, AI/ML, or Data Analytics where I can apply my skills, continue learning, and contribute to the organization.

EXPERIENCE

Edunet Foundation – Machine Learning Virtual Internship

- Gained practical knowledge of Machine Learning concepts, algorithms, and AI applications.
- Worked on hands-on exercises involving data preprocessing, analysis, and basic model building.
- Applied Python and Machine Learning techniques to solve practical problem-solving tasks.
- Learned the fundamentals of model training, testing, and evaluation.

PROJECTS

1. Food Munch Website | HTML, CSS, JavaScript

- Developed a responsive restaurant website using **HTML, CSS, and JavaScript**.
- Created **mobile-friendly layouts** with simple and user-friendly navigation.
- Improved the website's **UI and overall user experience** through responsive design.

2. Machine Learning Project | Python, Machine Learning

- Built a Machine Learning project using **Python** to analyze data and identify useful patterns.
- Applied basic **data preprocessing and Machine Learning techniques** to the dataset.
- Evaluated the model results and gained practical experience in the **Machine Learning workflow**.

3. DreamCanvas AI | Lovable, n8n, Cloudflare Workers AI

- Published an AI image-generation website that creates images from text prompts.
- Connected Cloudflare Workers AI through n8n webhooks and HTTP requests.
- Added image downloading and a browser-based saved-images collection.

SKILLS

- **Programming Languages:** Python, JavaScript, SQL
- **Frontend Development:** HTML, CSS, Bootstrap
- **Backend Development:** Node.js, Express.js, REST APIs
- **Database:** MySQL
- **Tools & Version Control:** Git, GitHub
- **Cloud:** AWS Fundamentals

EDUCATION

Aditya Engineering College, Surampalem

B.Tech – Artificial Intelligence & Machine Learning

Sep 2022 – May 2026 | CGPA: 7.0 /10

CERTIFICATIONS & COURSES

- **AWS Fundamentals** — NxtWave
- **Python Programming** — GUVI, NxtWave
- **SQL** — NxtWave
- **MCP (Model Context Protocol)** — NxtWave
- **Static Website Development** — NxtWave
